

WELSH WINS DECISION IN 20TH ROUND

Springs—Police to Rescue.

COLORADO SPRINGS, Sept. 4.—Freddie Welsh retained his title of champion lightweight pugilist of the world this afternoon after going the full scheduled twenty rounds with Challenger Charlie White, of Chicago. Referee Billy Roche, of New York, awarded Welsh the decision on points.

Referee Blunders.
As the gong sounded at the close of the twentieth round, Roche stood for several moments as if undecided. He then reached out both hands toward the boxers and many of the spectators believed he was about to award a draw. Suddenly, Welsh rushed over to Roche and placed his glove in the referee's hand and it was raised aloft while the official appeared to be reaching for White. The next instant, jubilant friends of the champion swarmed into the ring.

Bleachers Collapse.
An unfortunate accident and an unpleasant incident marred the beginning and the end of today's program. A portion of the bleachers on the south side of the arena collapsed and more than a hundred persons were more or less seriously injured.

Decision Unpopular.
When Referee Roche announced his decision in favor of Welsh, the challenger's adherents appeared, for the moment, spell bound. Then began a fusillade of cushions which were hurled from all directions at the referee. He was rushed through the crowd by friends to a waiting automobile.

Chase Referee Up Town.
Guarded by a policeman, the vehicle

was speeded up an unfrequented road to the hotel while hundreds of men and boys rushed after it until distanced.

Poor Exhibition.
From a spectacular standpoint, the battle was considered one of the poorest that has ever been fought for the highest ring honors in the lightweight division. For fully two thirds of the time the fighters were locked in a succession of clinches and pushing each other back and forth about the ring. For this Welsh was largely to blame. Throughout the entire 20 rounds scarcely a blow was struck by either man that did any damage. Of the blows exchanged, White's carried the greater punitive power.

While Welsh frequently was on the aggressive and did his share of the leading, it was noticeable that many of his blows fell short and failed to reach their mark.

Roche stated after the fight that he awarded Welsh the decision for the reason that he did most of the leading. With his consummate generalship, Welsh throughout practically all the fighting, worked with his back to the sun, forcing White to face the hot glare. Neither man drew blood from his opponent and neither showed any particular evidence of having been in a champion contest. Welsh fought carefully and took no chances with his opponent's famous left hand. On several occasions when it appeared likely that it might land, the champion was backing away so that the force of the blows were spent when they reached him.

As a rule he clinched in order to avoid punishment.

AITKEN WINS 300 MILE SWEEPSTAKE AT CINCINNATI

and De Palma Drop Out.

(By Review Leased Wire)
CINCINNATI, Sept. 4.—Johnny Aitken assumed a lead over Dario Resta at the 168th mile and won the first annual 300 mile sweepstakes at the new track today. Wilbur D'Alene was second while Frank Galvin, far behind, drew down third money.

One accident marked the day's sport. Gilbert Anderson, while in the stretch run on the 168th mile, skidded and dived into the fence. His car turned turtle and he was dangerously injured. His mechanic, Bert Shields, suffered a fracture of the thigh and internal injuries and his recovery is doubtful.

Aitken's time for the race was three hours, five minutes, 27 seconds, an average of 97.66 miles per hour.

LABOR DAY

On one day of each year the nation turns aside from its regular vocations to pay tribute to those who toil.

Labor means unselfish service. No one labors for himself alone. Entire communities share in the benefits accruing from the toil of the individual.

In these mountain states five thousand earnest, intelligent, loyal men and women are daily laboring with mind and muscle, with heart and hand, to give the public telephone service of the highest standard of excellence.

Whether digging in the earth, or climbing up among the wires; whether hunting "trouble," repairing the lines, working at the switchboard, keeping accounts, or performing any of the multitudinous duties of the telephone business, all are imbued with the spirit of service which stimulates them to put forth their best efforts in your behalf.

Every day is a day of labor for those who serve the public; and LABOR DAY is a fitting tribute to their worth.

garrison at Cheng Chiatung and seized both the local magistrate and a Japanese merchant who had refused to obey instructions issued by the Chinese because bandits were operating in the city. The Japanese contend the Chinese arrested the merchant illegally and fired on a small body of Japanese troops sent to investigate. About fifty Chinese and seventeen Japanese were killed.

The secret demands are believed here to seek extension to Inner Mongolia of rights which already have been won in south Manchuria.

DEMOCRATS GET BUSY IN WARREN DISTRICT

Local Committee Is Selected
to Raise Funds for the
National Campaign.

In response to a communication from the Democratic National Committee, an auxiliary finance committee has been appointed to serve the interests of Democrats in the Warren District and insure an unsurpassed showing locally in the national campaign. After informal conferences among local leaders, the following committeemen were named:

Chairman, E. A. Towrea; I. W. Wallace, Harry Jennings, J. U. Osler, Dr. George D. Craig, C. A. McDonald, L. R. Bailey.

The communication from Democratic headquarters reads in part as follows:

"We must have money to defray the expenses of the Democratic Presidential campaign. This is the people's campaign and it is all-important that it be conducted with the people's money. There are innumerable items of legitimate expense never thought of by the average person. To mention only a few, there is the cost of maintaining national and divisional headquarters, of printing and mailing tens of thousands of circulars and letters, of effecting organizations in every town in every one of the forty-eight states, in preparing and distributing publicity matter, in maintaining a speakers' bureau, in printing and circulating pictures of candidates, etc."

A thorough canvass of the Warren District will be made and every loyal Democrat will have an opportunity to assist in the cause, donations to apply strictly for national purposes of the campaign.

PROSPECTS FOR BUYING DANISH ISLES BRIGHT.

LONDON, Sept. 4.—(4:18 a. m.)—A Copenhagen dispatch to the Exchange Telegraph company says that Danish political crisis arising out of the proposed sale of the Danish West Indies shows signs of collapsing suddenly.

"Although a general election seemed inevitable yesterday," the dispatch adds, "it now looks as if the sale might still be accomplished without an election."
